

Discussion Worksheet

Identifying Capacity and Needs to Create Integrated Curriculum

District: _____

Pathway: _____

Questions	Example 1	Example 2	Example 3
1. How engaging or interesting do you think the project would be for students?			
2. What is the relevance of the project to an industry sector? Does the project make use of an authentic industry issue?			
3. What disciplines were included in the project? What concepts were addressed in the project?			
4. What core standards were covered in each subject area included in the project?			
5. How were the performance assessments for the projects aligned with the standards?			

Questions	Example 1	Example 2	Example 3
6. To what extent are the performance assessments appropriate for project-based instruction?			
7. To what extent did industry professionals contribute to project?			
8. To what extent did the project incorporate 21st century skills?			

- How will you share this experience with others in your district? Who will present it, and when and in what venue?
- What additional support and/or resources do you need from your ConnectEd Coach at either the district or pathway level to address the areas outlined on this worksheet?
- What actions need to be taken?
